Vance is a professional dog trainer out of Michigan that has specialized in cover dog trials run on wild birds, but has also trained dogs for NAVHDA testing, training a client's GSP to become a VC. Vance also has an extensive background in working with the retrieving breeds, and is sought out by many in the Michigan area to polish their dogs prior to the season. No matter what breed of dog you own or what type of game you hunt/trial/test, you will learn more about your dog & yourself as a handler in this one day seminar than you will from years of reading books and magazines. Please visit the Modaka kennel web site for testimonials (<http://modakakennels.net/>).

All proceeds donated to IN chapter drummer fund for the Improvement of habitat within the state.
