Outlined below are just a few of the exciting items you will see at The Penn Club on Wednesday, May 24, 2017.

A FINE SELECTION OF SPORTING ARMS

EXCLUSIVE TRIPS AFIELD AND ASTREAM

Scotland grouse shooting, Argentina dove shooting
Exclusive American wingshooting, fishing & golf trips

IMPRESSIVE SELECTION OF ORIGINAL WILDLIFE ART

Spaniels in the Field & Flushing Retrievers (SITFFR) goals are:

- To support and preserve all the traditional flushing gun dog breeds
- To support conservation efforts as they relate to preserving wild hunting space
- To foster a conservation ethic by educating the public, especially youth
- To pass our hunting heritage to the next generation

Our acronym "SITFFR" pronounced "sit far" provides a visual image of perhaps a great grandchild of your own, hunting afield, with a flushing retriever sitting by their best friend's side, the two of them on the same quest. Apart they would fail woefully, but together they are formidable. We envision the flushing retriever of the future out pursuing natural, genetic instinct afield in a sustainable green environment.

Established in 1961, **The Ruffed Grouse Society** is North America's foremost conservation organization dedicated to preserving our sporting traditions by creating healthy forest habitat for ruffed grouse, American woodcock and other wildlife. RGS works with landowners and government agencies to develop critical habitat utilizing scientific management practices.
