

West Virginia Habitat "Show-Me" Tour

Saturday, July 7, 2018 -- 8:30 AM

Meet at the Exxon in Huttonsville, WV
Routes 219 & 250
Huttonsville, WV 26273

Join us for the West Virginia Habitat "Show-Me" Tour of our local RGS partnership projects.

We are going to visit many different project areas on USFS lands and see the mulcher demonstrated on an activesite!!

RGS will provide the lunch fixings and drinks for a field lunch around 12:30 PM.

We will stop and enjoy our mid-day meal overlooking the Mower Tract.

There is limited walking. Many projects are viewable from the road as well as the opportunity to explore deeper into the project area.

RGS Regional Biologist Dr. Linda Ordiway, will be in attendance to discuss regional habitat and West Virginia habitat projects.

Rob Tallman (WV DNR), Shane Jones and Anna Branduzzi (USFS), and Travis Miller (WV DOF) will also be in attendance for the tour. *Please join us!!!*

So we have an idea on how many to expect for lunch...
