

The Gilbert Symons Chapter of RGS Chapter
has **TWO EXCEPTIONAL OPPORTUNITIES** open to bidding by all RGS members and
the general public at its March 7, 2009 banquet:

**1. Sarahsetter Kennels, English Setter Male Puppy,
trained at four months to:**

- * know his name
- * come when called
- * go to a kennel from twenty feet away
- * stand on a place board for a minute
- * walk at heel
- * point, back and retrieve
- * deliver a bird to hand

Imagine owning a dog that is finished like an experienced two season dog before he is a year old! At four months of age, your puppy will have pointed hundreds of birds and had about forty birds shot over him. Sarah Setters describes its training program as "revolutionary and a challenge to the traditional system of dog training". See <http://www.sarahsetter.com/> for more information on Sarahsetters. Sarahsetters Kennel will include 3-4 hours of dog/owner training with the puppy. The dog's value alone is \$2100.

2. St. Lawrence River Outfitters Hunt for Two Hunters

Enjoy two mornings of goose and duck hunting for two people in Southern Ontario (on the Canadian side of the St. Lawrence River). This includes two nights of lodging, along with breakfast and dinner for the two hunters during the 2009 fall/winter season.

David and his team put together some of the best duck and goose hunting ever experienced (better than Arkansas). His team scouts a wide area in order find bird and includes some of the best duck and goose callers around. It is truly amazing to watch them work the birds. See

Relaxed atmosphere, mixed bags, and close shooting characterize these hunts.
